

# Photography Challenge Planner\*

---

What is the subject/category of my challenge?

*This can be whatever you want it to be. It could be landscapes or portraits or flowers, or just to take a photo of anything. I find it best to pick a subject/category that you want to see improvement in.*

---

How often can I commit to creating a photo for my challenge?

*You have to be realistic here. You have a life with commitments on your time, so ask yourself how often can you realistically commit time for crafting an image you are proud of for this challenge? Not just to run out and snap a shot, but to create an image you are proud of.*

---

Am I going to share these images? If yes, where?

*Sharing is NOT required, but it can be a great way to hold yourself accountable, and it's a great way to get feedback on your images. If you do decide to share pick a platform that you know you'll be comfortable using regularly.*

*Jot down any additional notes here*

*\*Remember, this is your challenge. Make it fun, make it sustainable, make it challenging, and if you need to, make changes. Adaptation is and should be part of the process.*
